According to the estimate submitted iast night by the finance committee of the board of education and adopted by that body, at its meeting last night, the amount of money necessary to operate the public schools of the city of Ogden for the year 1903-4 is \$103,500. Earl Cardoe, a member of the class of 1903 of the High school, appeared as a representative of the class and asked that the board change the date of the High school commencement exercises to some other time than June 1, the reason being that some of the teachers cannot attend on that date. The board took matter under advisement.

Principal Wilson of the High school submitted a program for commence-ment exercises. The general features of program were accepted and Mr Wilson was designed to make the dress to the graduates and present the

UNGRATEFUL THIEF.

The ingratitude of a crook last evening got him into the hands of the minions of the law before he had a chance to enjoy the profits of a petty theft. The arrest of the thief followed so soon after the act was committed that it is a record breaker. R. F. Mel-drum, a blacksmith from Collinston, started day before yesterday to drive from Logan to Ogden. Wednesday night he put his team up at Brigham City and late in the day yesterday he continued his drive to Ogden. Just as ne started a fellow, giving the name of Thomas Smith, asked for the privilege of a ride into Ogden and the request was granted. They arrived in this city at 9:30 and drove to Corey's stable, where Meldrum alighted and went into the stable to see if he could stable his team there.

While he was in the stable Smith got

out of the buggy and disappeared, taking a buffalo lap robe and Meldrum's overcat with him. As soon as he discovered the loss Meldrum telephoned the station and Officer Tom Burke was furnished a description. Twenty min-utes afterward Smith was arrested in hall on lower Twenty-fifth The officers also recovered the articles stolen in a pawnshop where Smith had left them.

Smith was arraigned in police court on a charge of petit larceny, found guilty and sentenced to 30 days in jail,

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

GRADUATING EXERCISES

Of Kane County Schools-Entertainment and Banquet - Graduates. Special Correspondence,

Kanab, Kane Co., April 19.-The graduating exercises of the schools of this county were held here on Satur-day, the 18th, and were well attended by representatives of the other districts considering the inclemency of the weather and the distance and character of the roads to be traveled. About 50 of the young people from the Longvalley settlements came over on Friday and were met in the canyon by a large number of the young people from this place At night our visitors and townspeople were splendidly entertained by the school choir's presentation of the cantata "Heroes of '76," under the direc-tion of Brother H. S. Vance, one of the teachers of our district school. The ef fort was highly appreciated by all who attended, and well deserved the praises

it received. At 10 a. m. Saturday the graduating exercises proper were carried out in the social hall, a worthy feature being the address to the graduates by Prof. Driggs of the Branch Normal. Of the 29 graduates a large majority wer from the Orderville school.

In the afternoon various field sports were the order, the principal event being a ball game between the school boys and teachers of the county on the one side and the citizens of Kanab on the other, the latter being the victors by an easy score.

In the evening the exquisite little opwhich had been given a week before by children under 12 years old, was again presented for the benefit of the visitors. As an evidence of the excellence of the children's effort it should be said that the house was packed, a great portion of the audience at the for-mer presentation being again in attendance. None but the most favorable comments were heard, and indeed it was certainly one of the best entertainments ever given by any aggregation in our town and too much cannot be said in praise of the little ones for their part and the teachers who trained them. After the operetta the visitors and local school people repaired to the school house where an informal reception and banquet was tendered by the students

of the High school. After an informal handshake the 200 guests were seated af the tastily prepared tables in the large room. During the banquet many toasts were given, some of them exceedingly pithy and all of a high order of entertainment, Prof. J. L. Horne acting as toastmaster. Though the district schools have

losed for the season our high will continue in session until the late ter part of May. The health of the people here is generally good at present and the abundant rains with which we have been favored

give promise of great prosperity for the farmers and stock and sheepmen.
